

**FREE  
EVENT!**

# Is your glass half empty or half full?

Hear from experts how the cereal and oilseeds industry may be impacted by climate change and how growers can respond.

Learn how you can future-proof your business, reduce costs and risk for the future and how you can make a difference today. The event includes specialist presentations, lunch and a local farm tour.

Focus on: **Cereals and Oilseeds**

Topics: **Nitrogen management; changing pest, weed and disease pressure; differential thermostats in grain stores**

Date: 22 October • Place: The Olde Barn Hotel, Marston, Lincolnshire. • Time: 10am – 2pm

**This event is hosted in association with HGCA.**
